MINER'S MAXIMS!

A BAD START is the Heaviest of Handicaps, Being Left at the Post is not Much Worse.

There is not a racing man who does not understand the value of getting off well. He would rather his horse be beaten twice upon its merits than once because it got a bad start.

You may not have to run around a race track with the Shoes you buy, but you may travel a long distance in them before you wear them out, and if you have not the advantage of a good start you will be tired enough before you reach your journey's end.

That's what we can give you, a good start. Our Shoes will stand the pace, whatever you make it. You will be well equipped for either fast time or slow when you put your feet in them.

Don't make a mistake at the outset. Buy an article that will not belie its looks, that will facilitate your progress and not retard it and that you will finally part with to your own regret.

SWITCHMEN STRIKE.

How It Affects the Lake Erie and Western Road.

ALL THE OLD MEN DISCHARGED.

New Men Now Ready to Take the Strikers' Places—Trains Expected to Move in the Near Future—Labor Troubles at Other Places.

LAFAYETTE, Ind., Aug. 22.—Yesterday General Superintendent Hill and Master of Transportation Bell, of the Lake Erie and Western arrived from Indianapolis. They will attempt to move trains some time today. A force of one hundred trainmen has been secured from various surrounding points, and no trouble is anticipated from the strikers, most of whom intimated that they will return to work. The method adopted by the men to enforce their demands is not sanctioned by their own rules or those of the Federation, and they have no support from this quarter.

The switchmen here have returned to work voluntarily and the plan adopted by General Manager Bradbury, it is generally believed, will prove the means of terminating the difficulty. The men may return to work, having the assurance of the management that their demands will be fairly considered. The strike has not spread to Fort Wayne, Cincinnati and Louisville as was reported. Private advices received here state that President Ramsey, of the Peoria and Pekin Union, secured enough switchmen to break up the strike at Peoria, and he says he will stop the trouble if it costs the whole road.

Serious Trouble Feared in Boston.

BOSTON, Aug. 22.—Fears are entertained of serious trouble among the Newton sewer strikers. The Italians were paid their July wages yesterday, but were still dissatisfied and demanded that they also be paid for August. The excitement became so intense that the Italian paymaster sought police protection. Contractor Killen visited the Italian camp yesterday, but upon being warned that his life was in danger withdrew quickly from the camp. After Killen's departure the Italians held a meeting, and as a result marched 400 strong to Nonant square with the intention of demanding their wages of Killen. The police were notified, and drove the excited men back to their camp. All is quiet at a late hour, though trouble may ensue at any minute.

Moving Trains at Peoria, Illinois.

PEORIA, Aug. 22.—Notwithstanding the threat of the striking switchmen two freight trains were sent out at noon yesterday. A Toledo, Peoria and Western train was made up on the east side of the river and armed men stationed on top of the cars. The train then ran through the yards at full speed. The strikers were drawn up in a long line just outside the yards, but made no attempt to stop the train. A Big Four train was then made up and sent out. It was broken twice, but the men pulling the pins were promptly arrested. All of the new men employed by the company are armed and sworn in as deputy sheriffs.

Strikers Still Firm.

LAFAYETTE, Ind., Aug. 22.—The strikers here are still firm. The meeting of strikers has appointed a committee to visit Michigan City, Peru, Lima, Peoria and Indianapolis to confer with the strikers there. The committee applied for passes and were refused, whereupon when the 12:45 p. m. passenger train east reached here the strikers uncoupled all but the mail car from the engine and threatened to detain the rest of the train. Thereupon the passes were forthcoming and the train was permitted to proceed.

Business Affected.

ST. MARY'S, O., Aug. 22.—Business is being seriously affected here by the Lake Erie and Western strike. All large manufacturers are hauling goods by wagon to the nearest railroad point and incurring enormous expense. Over one hundred cars of wheat, flour, etc., are on the side track here awaiting resumption of traffic. Elevators along the line are filled to overflowing. The company loses a quarter of a million by the strike.

Domestic Difficulty.

INDIANAPOLIS, Aug. 22.—Several days ago William Jones, a young married man, missed a handsome flower vase from his yard, and when he questioned his wife about it her actions excited his suspicions. Whether he had information as to the disposition that had been made of it is unknown, but going to Crown Hill cemetery, he found the vase on the grave of Ed Matheny, the street car conductor who shot his wife and then committed suicide. Jones returned with the vase and at once separated from his wife and applied for a divorce, placing his infant child in charge of his mother. Yesterday morning Mrs. Jones went to her mother-in-law's house and, seizing the child, carried it away. Jones filed a supplementary complaint yesterday, charging that his wife was not a fit woman to have possession of the infant, and it was turned over to the sheriff last night under an order from the court.

Blaine is Doing Very Well.

WASHINGTON, Aug. 22.—Private advices received in this city from Mr. Blaine indicate that he is rapidly improving in health and strength. He is pursuing the even tenor of his usual summer life, but perhaps with a little less vigor than usual.

First or Nothing.

BALTIMORE, Aug. 22.—Manager Barnie says he favors a compromise with the League if on an equitable basis. The American Association will never play second fiddle.

AN ARM MOVEMENT.

State Militia to Be Placed Under National Pay and Supervision.

ST. LOUIS, Aug. 22.—The Post-Dispatch says: A movement has been set on foot to put the militia of the states under national pay and supervision. It was started by officers of the regular army at Camp Wickham, Mo., the other day and circulars and personal letters concerning it are now flying thick and fast about the country. It is the most radical plan to change the condition of the militia of the country that has risen since the war.

A day or two before the tents of the Camp Wickham were struck, Colonel Milton Moore called together all the soldiers who were in camp, and said that two officers of the army wished to address them on a subject of prime importance to the militia. The officers were Lieutenant Robert K. Evans, of the Twelfth infantry, and Lieutenant Joseph B. Batchelor, of the Twenty-fourth infantry. Lieutenant Evans is stationed at Fort Leavenworth and had come to Camp Wickham with the regular army detail assigned to assist in the camp instruction.

CHEROKEES ON THE STRIP.

Many Thousands of Cattle Have Already Been Transferred.

ARKANSAS CITY, Kan., Aug. 22.—Every train brings a score or more of Cherokees to this city, and as many more are congregating at Caldwell. Already deals have been made for the transfer of 100,000 cattle from the cattle barons to the Cherokees, and locations for half a dozen large ranches have been selected. Henry G. Woods, of Tahlequah, will operate an immense ranch near the Santa Fe, south of here, and all the eastern strip of cattle will be in his name. About one hundred Cherokees are already on the strip, selecting homestead claims, and it is announced by leaders of the movement that 500 will follow within a week. Each will select a good claim and hold it against soldiers or white settlers. Their plan is to settle the best part of the strip with Cherokees and let the whites buy the balance.

A PAIR OF FORGERS.

Husband and Wife Each Charge the Crime on the Other.

LIMA, O., Aug. 22.—Mrs. Alice M. Baldwin, a pale, sickly looking woman, and the mother of five young children, was arrested at Cridersville yesterday and brought before Justice Graham on a charge of forgery preferred by Thornton Mitchell, cashier of the City bank, of this city.

It is alleged that she forged the name of her father-in-law, Caleb Baldwin, a prosperous farmer near Cridersville, to two notes amounting to \$275. Her husband was arrested at St. Mary's as an accomplice. Each charges the other with the crime. The woman was remanded to the county jail to await trial. The case is a peculiarly sad one. The woman almost fainted in court.

Heavy Electrical Storm.

BLOOMINGTON, Ind., Aug. 22.—The heaviest electrical storm ever known in the history of this city passed over Thursday night, accompanied by a dashing rain. The lightning seemed like a sheet of fire, and was so close as to cause general alarm. The residence of John Beatty was struck, but was little damaged. A bolt of electricity set fire to the top of the Catholic church spire, and in answer to the fire bells this brought out the people in the midst of a drenching rain. The branch on the east side of the city flooded its banks, and a number of houses were inundated. Much damage resulted. The Monon trains are lying here waiting for washouts to be repaired. South of the city a tornado passed, doing great damage to timber and standing corn. The barn of Henry Dillman was partially destroyed.

This Is No Snake Story.

MARENGO, Ind., Aug. 22.—Three days ago some boys captured a tortoise, upon whose shell was inscribed: "Charles Conn, 1865." Mr. Conn lives at English, in this county. A visit to him disclosed the fact that the animal was caught near Leavenworth, this county, and kept as a pet until 1865, when Mr. Conn moved to Cairo, Ill., when he marked it and gave it freedom. The queries are: How long has the reptile been back in Crawford county? Was it in search of its old master? Mr. Conn answers the latter question affirmatively, and will pay any reasonable sum for his former pet.

Laura Blair a Maniac.

COLUMBUS, O., Aug. 22.—Miss Laura Blair, the twenty-year-old sister of Edward Blair, executed Friday morning in the annex, is a raving maniac. She has been here for some time endeavoring to save her brother's neck, but failed. The severe strain has completely prostrated her and she is delirious. She thinks the execution has not taken place and wants to be taken to the penitentiary to see her brother. Her condition is critical and her friends fear she will never recover her intellect. Blair was buried in the Catholic cemetery here yesterday afternoon.

Dynamite Explosion.

NORRISTOWN, Pa., Aug. 22.—By an explosion of dynamite, caused by supposed carelessness, at the stone quarry of John T. Dwyer at Howellsville yesterday afternoon, Antonio Lawbert, an Italian, was fatally injured and Olat Yansen had his right arm blown from his body, his foot mangled and was otherwise bruised about the body. He may recover. Three other workmen were slightly injured.

Died When Almost at Home.

IRONTON, O., Aug. 22.—Thomas Kidd, who was so badly burned at Jaybird station, twenty-nine miles from Portsmouth, was put on a hand car of the Iron railroad and started for home. He died on the way one mile from home. He leaves a wife and four children. He lived at Piering's station.

STORY HALF TOLD.

Further Reports of the Cyclone at Martinique.

OVER TWO HUNDRED KILLED.

The Interior Towns Not Yet Heard from, and It is Believed That the Disaster Was Much Greater Than at First Reported—Other Foreign News.

PARIS, Aug. 22.—Additional details received here from St. Pierre, capital of the island of Martinique, which was visited by a terrible hurricane on Tuesday night last, show that the facts already published are not only in no way exaggerated, but that they did not tell the full story of the disaster. The number of dead was originally estimated at sixty, with hundreds of injured.

The latest dispatches received here announce that 218 people are found to have been killed in the coast towns alone, the towns in the interior not having been heard from as yet. There is no doubt that the loss of life in the interior towns may have been as great, if not greater, than in the coast towns, so it is impossible at present to even make an estimate of the number of people who lost their lives through the cyclonic disturbance which brought so much ruin and desolation to the unfortunate island.

The difficulty experienced in forming a correct estimate as to the number of people who lost their lives on Tuesday night at Martinique is greatly due to the fact that the roads leading into and from the interior of the island have been rendered absolutely impassable. These roads are blocked in some cases for several miles by fallen trees and displaced earth and rocks.

Several days may elapse before the governor of Martinique is able to give the home government a detailed account of the disaster which has fallen upon the inhabitants of that island.

It is known, however, that houses, crops and trees from one end of Martinique to the other have been demolished or flattened down beyond hopes of recovery. The loss to the coffee and sugar planters will be very great.

Hardships of Russian Jews.

HAMBURG, Aug. 22.—Twenty families of exiled Russian Jews arrived here Wednesday in most destitute circumstances. They tell a most pitiful tale of hardship and suffering. While crossing the Russian border they were set upon by Polish and Russian outlaws, robbed of everything they had besides having their handsome young women abducted. They are in charge of the Jewish Relief society here which will send them to America in a few days.

The Holy Coat Unveiled.

TRIEVES, Aug. 22.—The unveiling of the holy coat made a deep impression. The Cathedral was thronged with a motley gathering, whose modern appearance contrasted with the mediaeval ceremonies. Prussian officers were there in uniform, English tourists in their light tweeds and the bourgeois in evening dress. Aged cripples and sufferers from nearly every chronic complaint were in the crowd.

Money Crisis in Portugal.

LONDON, Aug. 22.—The Times published a Lisbon dispatch of Aug. 14 which the Portuguese authorities refused to transmit, declaring that the money crisis was becoming so acute that gold and silver had disappeared from circulation, copper was very rare and trade stagnant.

Duke of Cleveland Dead.

LONDON, Aug. 22.—Harry George Powlett, Duke of Cleveland, is dead. He was born April 19, 1803, and was formerly a member of parliament for Durham and for Hastings. He was descended from the famous Sir Henry Vane, of Cromwell's time.

Shutting Down on Exports.

* LONDON, Aug. 22.—A St. Petersburg dispatch to The Times says that, despite official denials, it is still asserted that a government order has been dispatched to all Russian and Polish railways, forbidding them to export any more rye, wheat or flour.

Knocked Down and Robbed.

LAWRENCEBURG, Ind., Aug. 22.—Dr. G. K. Stites, of Milan, Ind., is a visitor at the fair here. He was returning to his hotel from the grounds at about 10 o'clock Thursday night, when three highwaymen, in the glare of two electric lights, jumped from an alley and knocked the doctor down. The fellows hurriedly went through his pockets, securing only \$4 in change. In their hurry a well-filled pocketbook was overlooked. Dr. Stites was cut about the head. He says that he was choked into insensibility. The highwaymen got away. The doctor is unable to give a good description of the men.

Seeking Revenge.

LANCASTER, Pa., Aug. 22.—Harry Wright, a young man living at Little Britain, was fatally shot yesterday by James M. Jordan, of Cecil county, Md., just across the state line. Jordan's motive was revenge. Wright was at work in a cornfield near Jordan's house when shot.

A House of Cards.

NEW YORK, Aug. 22.—William P. Dane, manufacturer and dealer in cards and paper at 61 Beekman street, assigned yesterday to Samuel F. Prentiss, with stated preferences of about \$13,000. A number of paper firms are preferred for whatever amount may be due.

Chinese Forger Arrested.

SAN FRANCISCO, Aug. 22.—Yong Gee Ong, a Christianized Chinaman, was arrested yesterday charged with forging the signature of Internal Revenue Agent Thomas on thousands of the labels placed on manufactured opium. Ong confesses his guilt.

A TWO-YEAR-OLD SURPRISER!

His Name is "Eli," Not "Dennis."

Excellence is the quality to which the world pays highest tribute everywhere and always. In all ages wisdom and courage have been the characteristics most admired in man. To woman has man always bended the knee in adoration of her beauty and the graces of her sex. The lion wears the title of the King of Beasts, accorded for his dignity and prowess. The eagle, which soars sunward on tireless pinion, is called the monarch of the winged world for his proud bearing and his daring. The horse, next to man, has held the highest place in the admiration of the world for his symmetry of form, his endurance and speed. In fact, nothing, perhaps, since the creation, has done more to call forth the plaudits of mankind, as well as enthusiastic expression of his admiration, than the exhibitions of speed in the horse, whether shown by the trained trotter or the fleet flyer. Now, we introduce to the public the

FASTEST TWO-YEAR-OLD ON RECORD!

One year ago we entered him for the free-for-all stakes, and he distanced the field. This year, as a two-year-old, we re-entered our "goer," and he made all his competitors feel that they could not trot a "little bit." He does not boast any high ancestral line, nor blooded pedigree reaching far back in the present century, nor has he received careful training or grooming at the hands of professionals, but like "Topsy," he just "grow'd up" to his present high record.

As a SHOE HOUSE we are just now two years old. Our business has far exceeded our expectations. This is the fruit of experience with the use of energy, together with the fact that we have sold BETTER BOOTS AND SHOES for the money than any house in the State, which we propose to continue to do.

WE GUARANTEE OUR QUALITIES

AT A SAVING OF 25c. ON THE DOLLAR.

STILL THEY COME.

Another Big Crowd Attends the Blue Ribbon Fair Yesterday.

Pacing and Running Races—Successful Exhibitors in the Hall and Arena.

A cloudy sky and a misting rain marked the dawning of the fourth day of the fair. It was very threatening weather, and the outlook for a good attendance was not at all promising. As on the previous days of the week, however, the clouds cleared away as the forenoon waned and the afternoon proved bright and pleasant, and another large crowd was on the grounds.

In the arena, P. P. Parker, C. C. Hopper, John Clift, R. C. Kirk and D. Sam White were directors. Following is a list of the successful exhibitors:

HARNESS GELDINGS.

Two exciting races were the feature of the afternoon's programme. The contests were spirited and the finishes close. The 2:19 pace for a purse of \$500, divided, was the first on the programme. Three horses faced the starter—Barney, Molly Molloy and Irma C. The score-card had the latter down as Roma C. She is a pure-bred grey mare, and never broke once in the five heats. This no doubt won her the race, as Molly Molloy showed more speed. Barney wasn't "in it" when it came to winning a heat. He kept well up with the others, but never succeeded in taking the lead. Molly

HEREFORD COW.

Molloy made a bad break or two in every heat, but she had two heats to her credit when the fourth was finished. The gray mare had the best of it in the start in the fifth heat, but Molloy was doing splendidly and was right alongside of her going down the back stretch, when the bay mare lost one of her boots and came near falling. This accident no doubt lost her the heat and the race. Summary:

Irma C.....	1	2	1	2	1
Molly Molloy.....	3	1	2	1	2
Barney.....	2	3	3	3	3
Time—2:22 1/2, 2:21 1/2, 2:21 1/2, 2:23 1/2, 2:23 1/2.					

The next race was the two-year-old pace, and it also was close and exciting. Four horses started—Alice Wilkes, Mattie T., Lassie and Hattie Mc. In the second heat, Lassie and Mattie T. collided as they entered the stretch, and the former's cart came near being wrecked. Fortunately, drivers, horses and carts escaped unharmed. Summary:

Alice Wilkes.....	4	1	1	1	1
Mattie T.....	2	2	2	2	2
Lassie.....	1	1	1	1	1
Hattie Mc.....	3	3	3	3	3
Time—2:29, 2:30 1/2, 2:30 1/2, 2:30 1/2, 2:30 1/2.					

A match race was announced between the pacers, Coastman and Harry Wood, but for some cause it didn't come off.

The last race was a running race, half mile dash and repeat. There were four starters—Great Scott, Belle of Texas, Red Cloud and John Day. Scott was the favorite, but John Day took the first dash easily. The favorite won the two next and the race. Summary:

Great Scott.....	2	1	1	1	1
Belle of Texas.....	3	3	3	3	3
Red Cloud.....	4	4	4	4	4
John Day.....	1	2	2	2	2
Time—51, 53 1/2, 55.					

Ida Wilkes trotted a mile to beat her record of 2:30. She succeeded, finishing in 2:22 1/2.

Jennie C., a pacer, was sent a mile to beat 2:26 and passed under the wire in 2:23 1/2.

The fair closes to-day. The attendance will likely be the largest of the week. Three races are on the programme—2:40 class, 2:27 class and Heehinger stake, all trotting. Sixteen are eligible to start in the first, eleven in the second and four in the last. The company announced

yesterday that two of the best races of the week would be trotted this afternoon.

BLACK HATS AND APRONS

Worn by Masked Men Who Do a Bold Job in Georgia.

GRIFFIN, Aug. 22.—The express car in charge of J. T. Byne was held up by three masked men and robbed just east of Collins station Thursday night. Conductor Reid says he stopped at Collins to let off a colored woman, and when the train pulled out he saw no one get on, but his engineer saw three men standing on the side of the road, and they got on the front of the express car. Just as the train left the station Mr. Byne, the messenger, says one of them entered the car with his pistol drawn, followed by the other two, who ordered him to unlock his safe, which he did at the point of three murderous looking pistols.

The men wore of medium size and wore as masks portions of black hats. They also wore large black aprons. Immediately after going through the car they rang the bell, and when the train was nearly at a standstill they jumped and ran off through an old field. Conductor Reid, who was making his way to the smoking car, where he supposed a row was in progress, saw one of the men running, and says he expected the fugitive had cut some one and was making his escape. Messenger Byne says he does not know the amount taken, but that in their hurry the men overlooked some very large packages. It was rumored the amount was \$30,000, though the express officials only acknowledge to about \$2,500. It is believed that the passenger who got off at Collins was a confederate.

AN EARLY AND HARD WINTER.

August to Wind Up in a Great Storm—So Says a Missouri Prophet.

ST. JOSEPH, Mo., Aug. 22.—Mr. Foster, a local weather prophet, who has acquired considerable celebrity in the west because of his predictions, says that another storm wave is due to leave the Pacific coast about Aug. 27, cross the Rocky-Allegheny valley from the 20th to the 30th, and reach the Atlantic coast about the 31st. Very hot weather will precede this storm wave, and several local storms may be expected. Comparatively the weather will be quiet throughout August, preparatory to the great storms to follow. The weather will average hot during the last half of August and the first half of September, after which a decided change may be expected.

"I will repeat that all should be prepared for an early and hard winter, and especially in all that country drained by the Mississippi river and the western great lakes. Those who wish to save corn fodder will need to do so early. Late corn in the northern corn belt will need to be cut before it is mature to save it from an early frost. I expect a killing frost in the northern edges of the corn belt on Sept. 17 or 18, with a probability that frost will do some damage on the 14th or 14th. Not much rainfall is expected from the storm wave of the 27th to the 31st, but rather an increase of the drouth areas. Local rains will continue to be of a cloudburst nature."

MUTINY ON SHIPBOARD.

The Captain Shoots the Ringleader and the Men Return to Work.

NEW YORK, Aug. 22.—Captain Baker, of the steamship Obdam, of the Netherlands line, which arrived here Friday morning from Rotterdam, reports that on the last eastern trip of the Obdam the firemen and the coal passers refused to work, drove the chief engineer on deck, and threatened to indulge in general violence. The fires died out and the steamer drifted about in the face of an approaching storm.

Captain Baker demanded that the men return to work. In reply they threatened to kill him and every one on board. The ringleader, Peter Duzen, approached Captain Baker threateningly, followed by the rest of the mutineers. The captain pulled out a revolver and shot Duzen through the body. Duzen died two hours later. The mutineers retreated to their quarters and still refused to work, but were finally compelled to do so at the point of pistols. The crew of firemen and coal passers was not a regular one, but was made up of non-union men picked up in a hurry.

Stopped on a Telegram.

POPULAR LOUIS, Mo., Aug. 22.—A telegram was received from Governor Francis Thursday night granting a six weeks' respite to M. V. Harpen, the murderer, who was to have been hanged yesterday. The ground on which the respite has been granted was that a convict in the penitentiary had confessed to the murder for which Harpen was sentenced to be hanged. It is thought, however, that the telegram is not genuine, as no papers have been received. If the papers are not received soon Harpen will be hanged.

Disposing of an Appropriation.

WASHINGTON, Aug. 22.—At the last session of congress an appropriation of \$126,620 was made to fulfill treaty stipulations with certain Indians who served as scouts or soldiers in the Sioux outbreak of 1862, and the question arose as to the proper distribution of the fund. The assistant secretary of the interior has decided that each soldier or scout was to receive his full proportion, and the children of those dead were to receive the amount due the scout or soldier divided equally among them.

Escaped from an Asylum.

JEFFERSONVILLE, Ind., Aug. 22.—Two men registering as Dr. G. T. Campbell and Richard Ridgeway, arrived here yesterday, drenched by rain. They escaped from the Anchorage insane asylum at midnight, Campbell climbing over the transom of his room and then opening Ridgeway's door. They then walked here, and they defy the Kentucky authorities to re-arrest them. Both Campbell and Ridgeway were fast young men, and were sent to the asylum by relatives.

BALTIMORE, Aug. 22.—A special from Alexandria, W. Va., says: Mrs. Banhowser yesterday, during a fit of temporary insanity, drowned her thirteen-month-old babe in a spring near the house, then returned to the house and brained her three-year-old boy with a hatchet. She then attempted to take her own life, but will recover.

State Meeting of the Christian Church.

At the annual meeting in Covington this week, the following officers were elected for the ensuing year:

President—B. C. Hagerman, Richmond, Ky.
Vice Presidents—W. S. Keene, Covington, and C. S. Lee, Maysville.
Secretary—S. C. Burton, Morehead.
Assistant Secretary—J. W. McGarvey, Flemingsburg.
Treasurer—Virgil McClure.
State Evangelist—H. W. Elliott.
Executive Board—J. W. McGarvey, J. B. Jones, A. Fairhurst, Charles Loos, L. B. Grubbs, R. A. Hancock and Virgil McClure.

At Wednesday's session, the address of the evening was delivered by Rev. C. S. Lucas, of this city. The Post says: "It was a grand, earnest, sublime presentation of Christ's command: 'Go thou into all the world and preach the Gospel.' The speaker urged a missionary spirit among all the followers of Christ, and all were impressed by the splendid talk."

The report of the evangelist showed that \$400 more had been raised this year than any other year, the total amount being \$9,952.95.

The evangelist raised and used in the field the sum of \$4,310.17, besides the evangelistic forces obtained pledges of \$8,620.03 for local work. The total amount raised by the co-operative work was \$22,884.15. The evangelists have been doing excellent work, as their report shows baptisms 736, reclaimed 533, received by letter and statement 284, from other sources 419; total 2,022. Ashland rejoices over the completion of a house of worship costing \$6,000, of which the people of Ashland contributed \$2,000. Middleborough has also an edifice worth \$6,000, which is self-sustaining.

In the Moorehead Academy there are 117 pupils enrolled, of which eighteen have been granted certificates to teach, one a student for law and one for medicine.

The next meeting will be held at Danville, in August, 1892.

Trains For the Fair Grounds.

Every day of the fair the C. and O. will run special trains every thirty minutes in the morning and every fifteen minutes from noon (until three p. m., from Market street to the fair grounds. Rates, 10 cents one way or fifteen cents round trip. Tickets on sale at ticket office in Central Hotel. Trains stop at Lexington street.

Rainstorm in Kansas.

ATCHISON, Aug. 22.—A rainstorm of unusual violence swept over this section late yesterday afternoon. Although the storm lasted less than an hour the creeks were over their banks in a few minutes, and Clay creek, which drains the city, inundated basements of adjacent business houses. A violent wind from the northwest prevailed, unroofing houses, blowing away sidewalks, fences and houses. Two men and a little girl were struck by flying timbers and badly injured.

Two Young Girls Drowned.

BOSTON, Aug. 22.—Shortly after 3 o'clock yesterday morning the bodies of two young women, sisters, Katie and Mary Wolton, of Dorchester, were laid side by side on a raft at the foot of O street, South Boston. Around them stood a dozen young friends weeping. The party had only a few minutes before returned from a moonlight cruise down the harbor. The fatality was caused by the swamping of an overloaded tender.

Trying to Prevent a War.

CITY OF MEXICO, Aug. 22.—It is stated by El Tiempo that General Ezeta, president of Salvador, has telegraphed to Ignacia Mariscal, secretary of foreign affairs of this republic, asking him to use his good offices in preventing a new war between Salvador and Guatemala. The same paper also states that Mariscal has telegraphed to General Alatorre, the Mexican minister, to prevent a war if possible.

World's Fair Appointment.

CHICAGO, Aug. 22.—John Thorp, of New York, was nominated by Director General Davis yesterday for chief of the bureau of floriculture, a division of the department of horticulture. Director General Davis sent the nomination to President Baker and will send a similar notice to the national commission when it meets in September. Mr. Thorp will undoubtedly be confirmed for the place.

A Horrible Crime.

IRONTON, O., Aug. 22.—While George Hamilton and wife were visiting a horrible crime was committed at their home. They left their three little children, whose ages were from four to eight, at home. The children could not be found when they returned, but after searching all three were found dead in a chest. They had been smothered to death, and as the chest was fastened with a staple it is supposed a murder was committed.

Captured After an Eight Months' Chase. INDIANAPOLIS, Aug. 22.—Major Carter, of the United States secret service, telegraphs from Slater, Mo., that he has succeeded in arresting Robert Greenleaf after hunting for him nearly eight months. Greenleaf is widely known as a "teacher of the art of detecting counterfeit money," and was here in January instructing some of the bankers.

A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnhardt Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.
